

| Assignments

Assignments is a word used to describe either Projects and/or Tasks.

| Projects

Projects are themed and specific goals which require multiple overarchingly related and themed Tasks to complete.

☰ Example

Below is an example of a **Project**

- Create a cactus farm
 - Gather glass
 - Gather fences
 - Gather cactus
 - Gather water
 - Gather chests
 - Gather hoppers
 - Build the farm

| Tasks

Tasks are singular, specific requirements for one thing which require no other **Tasks** to complete.

☰ Example

Each listed below is an example of a **Task**

- Gather 64 glass
 - Kill 20 creepers
 - Get 10 blaze rods and use them to smelt iron that has been supplied
-

| Public Assignments

Public Assignments are **Assignments** which are issued by the Government and completed by Citizens. Depending on the Land Jurisdiction the Government may be required to offer payment for **Public Assignments**, however this is not always true and some **Assignments** may not offer payment.

| Collaborative Assignments

Collaborative Assignments are **Assignments** which are issued by a Property Owner and completed by members of the Shared Private Property of the Property Owner. The Property Owner is not required to offer payment for **Collaborative Assignments**, however they can. The Property Owner can enforce participation in **Collaborative Assignments** on their members.

| Private Assignments

Private Assignments are **Assignments** which are issued by a Citizen and completed by other Citizens. The Citizen offering the job is required to offer payment for the **Private Assignment**.
