

## | Alien

An **Alien** is an individual whose primary residence is not within Jurisdictional Land.

---

## | Topographically Based Compliance With Jurisdiction

**Aliens** are subject to all Jurisdiction when they enter Jurisdictional Land however they do not have Citizen Rights and are not bound by Citizen Rules.

## | Non-Secrecy of Entry and Denial of Entry

For each instance of an **Alien** entering Jurisdictional Land they must announce their entry in a way which all Citizens can see.

Additionally, an **Alien** can be denied entry by an Elected Official. If the **Alien** doesn't abide by this denial it is considered a Crime.

## | Staying in Prison for the Decided Term

**Aliens** cannot leave prison before they are provisioned to leave either by a Elected Official or the ending of their imprisonment term.

## | Approval of Reintegration

**Aliens** must be approved by a Governmental Meeting before they can re-establish their primary residence within Jurisdictional Land and hence become a Citizen (once more).

---

## | Trade Jurisdiction

### | Participating with Importing and Exporting Fees

**Aliens** must participate in paying Importing and Exporting fees. It is considered a Crime if they do not. Elected Officials are exempt from this rule and can make trades, exchanges and donations without an Importing and Exporting fee if the trade, exchange or donation goes into Governmental possession and not private possession.

### | Exchange Monitoring

**Aliens** cannot complete a trade, exchange or donation without the approval of an Elected Official. The approval of an Elected Official can be denied by another Elected Official such that the majority of approval or denials of Elected Officials wins. If it comes to a tie the trade, exchange or donation is denied. Elected Officials are exempt from this rule and can make trades with their own self-approval.

---

## | Crime Law for Aliens

If an **Alien** commits a Crime--as is applicable detailed through the rest of this document--they are expected to abide with crime laws. If an **Alien** doesn't abide by crime laws they are subject to being hunted by a governmental task force.

## | Punishments

An **Alien** can *only* be punished with the following crime punishments:

- Imprisonment
- Payout
- Fine

in addition to being hunted by a governmental task force if they do not comply or the situation otherwise requires a governmental task force.

## | Contract Binding

An **Alien** cannot agree to participate in a Contract, however, if an **Alien** has pre-established Contracts prior to becoming an **Alien** they are expected to continue participation with their Contracts where it is applicable. It is still considered a Crime for an Alien to not complete or participate with pre-established Contracts unless they are released by the Contract creator or Elected Official. This is the only time an Elected Official can pardon a player of a Contract which they (the Elected Official) is not the creator of.

## | Attempting to Escape Payments

**Aliens** are expected to pay their Taxes for the current Tax Period in advance to becoming an **Alien**. It is considered a Crime to not successfully pay their final Tax Period.

Due to this **Aliens** are expected to communicate with an Elected Official to find the adequate value they owe in advance. This is because Taxes are not determined exactly until the Tax Period is completed. It is considered a Crime for an **Alien** to not adequately pay for an their final tax period.

All Fines and Payouts must be paid before a prospective **Alien** and become an **Alien**. It is considered a Crime for an **Alien** to not complete all Fines and Payouts prior to becoming and **Alien**.
